

## **RIDE CANCELLATIONS/CHANGES**

### **Weather**

A ride will not run if weather or ride conditions are unsafe (e.g. high winds), if there is a threatening weather warning (e.g. heat warning, lightening), or if it is raining steadily at the start time and is likely to continue through most of the ride.

A heat warning is issued by Environment Canada when:

- two or more consecutive days of daytime maximum temperatures are expected to reach 31°C or warmer and nighttime minimum temperatures are expected to fall to 20°C or warmer;

or

- two or more consecutive days of humidex values are expected to reach 40 C or higher.

### **No Tour Leader at Ride Start**

An official Freewheelers' ride can only proceed if a Tour Leader is present and if a Liability Release Form is signed by all riders. If a member volunteers to act as Tour Leader at the ride start and the Liability Release Sheet is completed, then the ride can proceed as a Freewheelers ride. If there is no Tour Leader by the start time, the ride is officially cancelled as a Freewheelers ride. Those in attendance may decide to do a non-Freewheelers' group ride.

Note: Riders who do not sign the NFBTC Liability Release Form are not permitted to join a ride.

### **Rides Added/Changed/Moved/Cancelled**

Where time permits, notification of an added/changed/moved/cancelled ride will be provided to paid members by email and/or the website. Always check the Ride & Event Schedule prior to a ride.

### **Need More Information**

For more information about any rides, contact the individual Tour leader by visiting the website and viewing the Membership List (available to paid members).

### **Volunteer as a Tour Leader**

If you are able to help as Tour Leader for any rides in the schedule that still need a Tour Leader, please contact Dennis Munn, Tour Director at [tourdirector@thefreewheelers.com](mailto:tourdirector@thefreewheelers.com).
