

## **Welland Canal Trail Closures**

### **ST. CATHARINES (Welland Canal Bank Project)**

#### **Intermittent closures near Glendale Avenue (Completion date May 31)**

The St. Lawrence Seaway Management Corporation is carrying out important safety maintenance work along parts of the Welland Canal. This project involves removing trees and brush from specific canal banks to prevent long-term structural damage. [Welland Canal Bank Project](#)

### **WELLAND (Water Treatment Plant Work)**

#### **Closure along west bank trail between the aqueduct and north of Merritt Road (Completion: June 2026)**

Detour coming from St. Catharines

- After crossing Thorold Road, the canal path is accessible until Dufferin Street
- Using trail cut out, R at Dufferin Street
- L on Aqueduct Street
- R on Church Street
- L on Niagara Street
- Just after crossing Main Street, take sidewalk on R to W side trail. Note: there is gravel at the corner where you would normally access the sidewalk.

Detour coming from Port Colborne: reverse above directions

### **WELLAND (Rotary Park Project)**

The trail is now accessible between Lincoln Street (Rotary Park Project) and Ontario Street. The parking lot at the park is almost done. You can ride through the parking lot to join into the trail or get on the trail at the sidewalk on Lincoln Street.

### **PORT COLBORNE (Servicing Tunnel Project)**

#### **Closure between Omar Avenue and Barrick Road (Completion: September 30)**

Detour coming from St. Catharines:

- Exit canal trail at Forks Road East
- R on Forks Road East
- L on Elm Street
- L on Clarence Street
- Cross Clarence Street bridge to continue to Friendship Trail to Fort Erie

Detour coming from Friendship Trail: reverse above directions
